RE: Wellington Preparation Plant
Revised Map for Permit Area

Dear Mr. Helfrich:

In your letter dated August 13, 1999 (received August 20, 1999), a request was made to revise drawing E9-3333 by August 30, 1999. A complete new map will need to be made. This map is now in the drafting process. Please allow *at least* two weeks for us to complete the revision and submit it to the Division.

Thank you.

Sincerely,

Patrick D. Collins, Ph.D.
Environmental Consultant/Resident Agent
